FOUNDATION

Supporting the Orphans

Foundation had the privilege of reaching out to the Matrusri Orphanage, where we met the resilient and inspiring children who have faced unimaginable challenges in their young lives. We are thrilled to have extended our helping hand and shared moments of joy with these wonderful young souls. Their smiles and laughter remind us of the power of hope and resilience.

Our commitment to the children of Matrusri Orphanage doesn't end here. We look forward to supporting them soon with not only the much-needed essentials like food, but also with clothing and books to facilitate their education. Your continued support and generosity will make a lasting difference in the lives of these children, ensuring they have the tools they need to build a brighter future.

Supporting the Elderly

In our ongoing mission to make a difference in the lives of those in need, the Sam and Jane Foundation's commitment to supporting the elderly has always been a cornerstone of our work, and we're proud to continue this legacy of care.

We had the privilege of organizing a special Feeding and Blanket Distribution Program in Guntur, Andhra Pradesh, where we reached out to the elderly residents of an old age home. This initiative was born out of our deep belief in providing comfort and warmth to those who find themselves alone in the later stages of life. The program was a heartwarming success, and it filled us with immense pleasure to see the smiles on the faces of the elderly recipients. The simple act of providing a hot meal and a cozy blanket brought not just warmth but also a sense of belonging to these individuals, many of whom have been left alone in their twilight years.

The Sam and Jane Foundation remains unwavering in our commitment to supporting the elderly. We recognize the value of their wisdom and experience and believe that they deserve to live their later years in dignity and comfort. Our future includes extending this program to many more old-age homes, ensuring that more elderly individuals experience the warmth and care they deserve.

Sukanya Valeti Scholarship Fund

As we continue our journey of spreading hope and making a positive impact through Sukanya Valeti Scholarship Fund (SVSF), the Sam and Jane Foundation is thrilled to share some heartwarming news with you. We believe in the transformative power of education, and our commitment to providing opportunities for deserving students remains unwavering.

Last quarter, we proudly extended the SVSF to five more deserving students. The SVSF is designed to empower young minds and provide them with the resources they need to pursue their dreams.

We have extended the Sukanya Valeti Scholarship Fund (SVSF) to a bright 4th-grade student facing extraordinary challenges. This young student's mother is a divorcee and,

tragically, lost both of her hands due to an electrocution accident. She was struggling to meet the educational expenses necessary for her child's future. In response to their dire circumstances, the Sam and Jane Foundation stepped in to offer unwavering support. We have committed to covering all the educational expenses for this young student until he successfully completes his 10th-grade education. Our aim is to ensure that this student's educational journey is smooth and filled with the promise of a brighter future.

We are proud to share that the Sam and Jane Foundation has extended the SVSF to a remarkable 10th-grade student who has faced the profound loss of both parents.

This student has been dependent on the support of relatives during these trying times. Our commitment to supporting deserving young students remains resolute, and we are dedicated to making their educational journeys as smooth and promising as possible.

One of the students, hailing from Andhra Pradesh, India, recently achieved her dream of gaining admission to an Engineering College. While she does receive government support through fee reimbursement, still needs some finance to meet her education. Her family's financial situation remains a challenge. With a father who doesn't contribute to the family's well-being and a mother working as a daily wage laborer, they were struggling to meet the balance education expenses. The Sam and Jane Foundation stepped in to ensure a smooth educational journey for this ambitious student, helping bridge the gap and ensuring she could reach her full potential.

We are delighted to announce that the Sam and Jane Foundation has extended the Sukanya Valeti Scholarship Fund (SVSF) to support a young woman who has successfully

completed her Engineering degree and is eager to pursue higher studies. However, her academic certificates were held by the college due to unpaid student fees. Hailing from a humble background with her father working as a pastor and her mother as a homemaker, she faced financial constraints for the past six months. Recognizing her determination and potential, the Sam and Jane Foundation stepped in to clear the outstanding dues and release her certificates. By doing so, we are opening a pathway to a brighter and more promising future for this deserving student as she continues her educational journey.

The fifth scholarship was extended to an Agriculture student also studying in Andhra Pradesh. This young scholar, who tragically lost his father to cancer, was facing challenges in meeting his hostel expenses. His mother, a dedicated homemaker, was struggling to make ends meet as they come from a financially disadvantaged background. In response to their need, the Sam and Jane Foundation came forward to support this student by covering his monthly hostel expenses for the next two years until he completes his course.

Join Us in Changing Lives
